

DR. JACK HENSEL JR.

LOWCOUNTRY PLASTIC SURGERY CENTER

MT. PLEASANT (CHARLESTON), SOUTH CAROLINA
MURRELLS INLET, SOUTH CAROLINA

American Board of Plastic Surgery

HOW DO YOU SHOW PATIENTS THAT YOU CARE?

We go above and beyond to make our patients know how much we care about them. We do a lot of hand-holding, taking them step by step with support to relieve any fears or concerns. We don't just do the surgery and forget about them—we have established a relationship that will last a lifetime.

HOW DO YOU ENSURE PATIENT SATISFACTION?

We spend quality time getting to know each patient and learning about their true concerns so that we can individualize their treatment plan. Each patient has a different story and different needs, and it is very important to choose the right procedure for the right patient in order to set realistic expectations.

WHAT DO YOU LIKE MOST ABOUT YOUR JOB?

Being able to help people look and feel better about themselves. Raising self-esteem for a person can change their entire life and it feels good to be a part of that equation. I also enjoy giving back to our community by working with local charities to show appreciation for the talent that has been given to me.

BOOSTING PATIENT CONFIDENCE

Dr. Jack Hensel Jr. and his skilled team at Lowcountry Plastic Surgery Center offer a host of breast enlargement and enhancement surgery options to help accentuate the female figure and bolster self-confidence. "We approach breast surgery discreetly and always have your best interests in mind," says Dr. Hensel. During his fellowship at Nashville Plastic Surgery, Dr. Hensel trained in cosmetic and reconstructive breast surgery with internationally renowned surgeons who helped further his ability to transform. "I will customize your surgery to best suit your specific needs and make you look and feel your best," says Dr. Hensel.

BEFORE

CASE 1

AFTER

SCULPTED SILHOUETTE

With complaints of severe saddlebag deformity, this 44-year-old patient sought Dr. Hensel, who performed liposuction to restore a more normal appearance to her lateral thighs.

BEFORE

CASE 2

AFTER

DRAMATIC RESULT

To help boost her confidence, Dr. Hensel performed an arm lift on this 65-year-old patient, who wore long sleeves to hide her loose arm skin or "bat wings," as she called them.

WHAT FEEDBACK DO YOU FREQUENTLY HEAR FROM PATIENTS?

My patients have said that I have great bedside manner and surgical skill, as well as a warm, personable demeanor and the ability to be thorough. Patients feel confident knowing that I make sure no question is left unanswered.

WHAT ASSOCIATIONS ARE YOU MOST PROUD OF?

I am a member of the American Society of Plastic Surgeons, and have been voted "Best Plastic Surgeon" for the last six years by *Charleston City Paper's* Reader's Poll. I was president of the South Carolina Society of Plastic Surgeons from 2009-2011, and I'm on the board for our local Susan G. Komen affiliate.

HOW DOES YOUR STAFF ENHANCE THE PATIENT EXPERIENCE?

We work collaboratively as a team to manage each patient's comfort level and expectations. We want everyone who comes through our door to feel like family, so we provide an unimposing, educational experience where the patient can feel in control.
